## PROFILE

As a proactive Software Engineer, I stay updated on industry trends and possess a comprehensive understanding of the development spectrum. I excel in Agile methodology, both in individual tasks and collaborative team projects, ensuring the delivery of high-quality solutions. Committed to continuous learning, I am eager to take on a challenging role where I can contribute my technical skills and innovative problem-solving to a dynamic development team.

## PROFESSIONAL EXPERIENCE

### Full-Stack Development Bootcamp Graduate, Full-time, London, United Kingdom

Code Your Future | 08/2022- 12/2023

- Developed web applications using JS, React, Node.js, and SQL individually and in a collaborative team.
- Participated in code reviews, providing constructive feedback, and efficiently managing time for ongoing learning and project tasks.
- Applied Agile and Scrum methodologies in a team project, ensuring efficient project management and timely delivery of high-quality web applications.
- Implemented MVP principles, focusing on essential features for meeting project requirements and user needs within specified timelines.
- Utilized Slack and Miro for seamless communication, collaboration, and efficient planning in team projects.

### Junior Software Developer, Part-time, London, United Kingdom

Konica Minolta | 02/2022 – 07/2022

- Completed a Python programming, focusing on language proficiency and unit testing.
- Gained fundamental knowledge in software development, including hands-on experience with Docker and familiarity with Kubernetes.
- Utilized Bitbucket for version control.
- Collaborated with colleagues while emphasizing the cultivation of a positive work environment.

### IT Technical Support, Full-time, Sirjan, Iran

Moshiran | 06/2018 – 12/2020

- Addressed and resolved network connectivity problems and resolved challenges pertaining to IP addresses and conflicts.
- Diagnosed and addressed hardware and software desktop issues.

## EDUCATION

### MSc, Computer Engineering with Distinction

Islamic Azad University (IAU), Iran | 10/2015 -10/2017

Core modules: Advanced Programming - Data Structure - Machine Language– Advanced Algorithm Design – Advanced Software Engineering.

Thesis topic: Activity recognition in smart homes with SVM.

### BSc, Computer Engineering with Distinction

Islamic Azad University (IAU), Iran | 10/2008 – 02/2012

Thesis topic: Intrusion detection system in wireless sensor networks.

## SKILLS

---

**Front-End:** HTML5, CSS3, JavaScript, TypeScript, React, Bootstrap

**Back-End:** Python, Node.js, Express, PostgreSQL, MongoDB, Sequelize ORM, Jest tests

**Cloud:** AWS - S3, EC2, RDS

**DevOps:** GitHub Actions, Docker

**Soft Skills:** Adaptability, Problem-Solving, Time Management, Reliability, Conflict Resolution, Active Listening, Team Player
